

Qualicum School District

ROAMS

River Ocean and Mountain School

ROAMS Global Studies is an exciting and immersive experience that combines academic exploration with cross-cultural teamwork in an invigorating outdoor setting. Students will examine global issues from a multi-disciplinary approach, and hear the diverse perspectives of their peers from around the globe. This program incorporates field studies and outdoor activities, which occur away from the school. Activities may include skiing/snowboarding, rafting, kayaking, surfing, and climbing.

Adventure education builds a meaningful health and wellness component into everyday studies. Field studies are integrated into environmental science, which facilitates an engaging discussion on sustainability and global stewardship.

Trips May Include:

- Bi-weekly river sessions
- Deep Bay Marine Station
- Cultural First Nation
- Ski trips to Mt. Washington/Manning Park
- West Coast Trail
- Tofino Kayaking/Surfing
- Rock Climbing
- Wind/Solar Sailing

Number of Students: 24
 Local Students: 12
 International Students: 12
 Ages: 16 - 18
